

Application Guide

September, 2020 Update

This list indicates the compatible vehicle applications for Schrader's programmable EZ-sensor® & EZ-sensor® GO family of products and can be used to identify specific vehicle Make, Model and Year.

Please note that EZ-sensor® & EZ-sensor® GO need to be programmed prior to installation using a TPMS programming and diagnostic tool. Schrader's EZ-sensor® is supported by a majority of TPMS tools on the market. Ensure you have the latest coverage by performing frequent tool updates.

The column "EZ-sensor® GO Instant Programming" indicates vehicle applications that will program within 1-3 seconds with select TPMS tools. All applications on this list are compatible with the full EZ-sensor® and EZ-sensor® GO Family of Products.

For more information about EZ-sensor®, please visit www.SchraderTPMS.com.

Make	Model	Model Year From	Model Year To	Qualifier	Sensor Frequency (MHz)	OEM Sensor #	EZ-sensor® GO Instant Programming
